I have the honor to acquaint you that by accounts from Seringapatam dated the 16th Inst. I learn that about 2000 empty bullocks with an escort of 500 horse were dispatched from the Cabinets to receive commissariat stores at Mangalore — The Merchants from Mangalore return further with the party, — and they are said that three bullocks are sent for the purpose of transporting to Seringapatam the baggage of the officers either arrived, or immediately expected at Mangalore. —

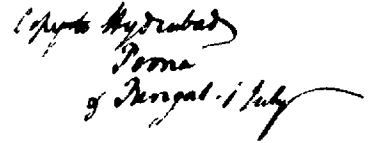
Such a considerable body of French troops is shortly to be [illegible] opened by them, Despatches intends to invade the dominions of the Company in which also the Mahattas and Nizam will be brought to co-operate

— Very considerable bodies of Mahratta Horse are on the northern bounds of the Doorgabad. from Bramy Hindoostan, Hyder &c towards Guzerat: Surat — They are there, it is said, for the protection of Surat. —

A Packet with Despatches, Letters, and Mails Cabe with answers, received from Bombay about the beginning of April last from the Mahrattas. — Glad is I was reported that a Person was sent to the Peshwa to Poonah. — —

— My friends, Despatches came also received of the arrival at Bombay — Gratian of the Persia of rank, [illegible] to any other [illegible] — They say



the last Day of which was the 7th Instant.

He also confirms the receipt of the 24th of last Month respecting the two Battalions which were in the Coimbatore Country under Shah Jemaun having marched to Carroy to reinforce Syd Gafar — whose Detachment still continues there in Cantonments.

He says the Irregular Horse remain at their usual foraging stations.

He confirms the former reports of a French Embassy being at Serengapatam lately to treat with the Sultaun for receiving a body of their Troops at Chungama to act with his Army against the English and

Guard crossed the River and were encamped
along the foot of the Carnatic Hill with
their Field Guns — & towards the Regular
Horse amounting to 5000, were encamped.
He supposes the Infantry consisted of 10 or 12
Battalions of from 700 to 1000 each — & that
the Infantry which was encamped consisted
of from 4000 to 10000 —

The reason assigned for this Army's being
got in readiness to march, is an apprehension
of hostile designs on the part of the
Mahrattas against Tippoo Sultan Hyder,
in which Direction it was said, it was to
march under the command of Genl. M.
Dean immediately after the Moharram feast.

Sicha Row a Harcarrah who reports having left Seringapatam on the 8th instant confirms the former reports of the Regular Horse being called in from the foraging Stations - that confirms the report of a former Harcarrah who mentioned the return of the Detachment from Goorty to Seringapatam. It appears certain that Government still remains at Goorty - and that the Harcarrah who stated its return was deceived by the arrival of the Regular Horse - or that he falsely asserted what he has not seen -

We agree to the several Stipulations Conditions specified in the Advertisement.

In conformity to the Advertisement, We have proposed to furnish the Clothing for one year only – But as a Contractor for so short a period as one year must be subject to many disadvantages which would oblige him to be higher in his demands than if the Contract were extended to a longer period – We would therefore prefer, Honorable Sir, with your approbation, to Contract for providing Clothing for the Army for the term of Four Years. Should you be pleased to agree to this latter Proposition, We offer to furnish the Clothing for the said period of Four Years, at the undermentioned rates, subject to, and under the several Stipulations and Conditions setforth in the present Advertisement, viz.

We presume it will be obvious that the acceptance of this our second Proposal, in preference to the first, would be attended with considerable Advantage to the appreciation of Funds. We shall only further remark that there is a difference between our first and second Proposals, in favor of the latter, amounting to 5 ℔ Cent in the Advance which We have charged on the real Cost of some of the principal Articles of Clothing, which in so extensive an undertaking would produce a considerable aggregate saving.

Agreeably to the terms of the Advertisement We hereby offer as Sureties for the due Performance of our Engagements, the House of Mess.rs Pelling and de Wied & Co. and Mr. Antonio De Souza, all of Madras - Merchants.

We have the Honor to be with great Respect

Honorable Sir

Your most obedient humble Servants.
